## APPLICATIONS

Verify Weight of any container to class III and SOLAS type 1 Method.

The conWEIGHr Shipping Container weighing equipment enables certified mobile, efficient and accurate container weighing and VGM certificate generation. Attach the 4 pedestals to any type of shipping container to weigh the container, generate a VGM certificate and be completely compliant with SOLAS Container VGM rules and Chain Of Responsibility requirements.

## WEIGH CONTAINER TYPE

Complete integration with the "Conweigh VGM Cloud" as part of your Conweigh account, all of your VGM data is stored, secure and accessible anywhere, anytime.
